Dean's Message

We are so fortunate. We have a huge repertoire of music. Our instruments can gather and lead a group of people to a deeper expression of faith. Then that same instrument can turn around and accompany silent movies or, at this time of year, delight us in Spooktaculars. We're Boston. I often feel badly that I can only attend a fraction of the concerts listed on our website. I would love to send my clones out to all the concerts I miss.

We are also an organization of volunteers. Everyone serving as an officer, or head of a committee or as member-at-large does so without compensation. But what you receive in volunteering for our organization is a different kind of compensation. You get to know more things. You get to hear new instruments. You get to be a part of something much larger than yourself. That is valuable.

There are angels among us who are shining up our website. Go there to see the glorious pictures and read about our pipe organ treasures in the area. We are working to do the same spiffy stuff for the newsletter so everyone can know what is going on. Our programs happen because people make them happen. Our Directory is online.

Here are three opportunities for more volunteers.

1. The Organ Advisory Board consisting of 5 - 6 people with a technical background in pipe organs should be reactivated to respond to urgent as well as general situations.*
2. We need an advertising team consisting of someone to collect and keep track of ads and someone else to do the billing of those ads for our newsletter (Your ad here!)
3. Carl Klein is looking for volunteers to help him in the Organ Library on

Sundays, 1:00-4:30. You can contact him at orglib@bu.edu

Can you help us? You can contact me initially and I will direct your interests to the correct people. We are many individuals with a larger purpose. Collectively we care for and preserve our treasures. We're Boston and that means something!

- Louise

[*Editor's note: Leo Abbott has volunteered. Thanks, Leo!]

Chapter Organ Playing Competition

Our chapter has sponsored an organ playing competition for young organists for a number of years. Many of the contestants and winners have gone on to have distinguished careers. Since 2002, Michael Quimby, President, Quimby Pipe Organs, Inc. has generously supported the regional competitions.

In 2019, our chapter competition has been tentatively scheduled for March 19. If you have a student or know of a young organist who would like to compete, click [here](#) for more information about registering and for a copy of the Rules.
