I give permission for my child to be photographed, and their image and name to be used in AGO/BAGO publications, communications, social media postings, etc. I understand the Young Organists Initiative will award scholarship recipients \$600 (approximately 20 lessons) for formal organ study with a qualified teacher from the Boston AGO, assigned and approved by the Chapter's YOI Committee. Two adults are required to be present for all YOI lessons and programs — in-person and virtual. Former Scholarship recipients are not eligible to compete again. Each scholarship winner will likewise receive a \$100 award following the annual concluding recital. Participation in the concluding recital (which, during this time of pandemic, may be either in-person or virtually produced, at discretion of BAGO) is required for all scholarship recipients.
